Guidance on Adverse Event Reporting

1. Scope

This guidance applies to all sponsors conducting clinical studies in the region.

2. Reporting requirements

The sponsor may submit the safety report within 30 days of becoming aware of the event.

Records of each report should be kept for three years.

3. Definitions

Adverse event means any untoward medical occurrence in a participant.

4. Enforcement

A penalty applies to late submissions.

Contact the office for general questions.
